

# Invisible Cartoons 2017 Bio

In an accident of good fortune, frontman Chris Shern and guitarist/vocalist Justin Birchard unwittingly formed Invisible Cartoons in early 2013 while collaborating on a one-song side project. After an energizing and successful collaboration, the two decided to keep writing and made plans to tour. Soon after, long-time friend and Chicago music veteran Jeff Goluszka joined to play drums and sing backup vocals.

In 2016 the group released their debut album *“Characters”*. The dramatic 11-song LP is full of memorable melodies, dance-inducing beats, and lyrics about unity, hope, and perseverance. In support of *“Characters”* the group released seven music videos and toured the Midwest playing more than 25 shows, including their album release party at Martyrs’ in Chicago.

This year the guys are thrilled to be taking their joy-inducing live show on the road again in support of their new EP *“Space Cat”*. The three-song EP will be released on July 15, 2017 and a release show will be held on the same night at Reggie’s in Chicago.
